

REMARKS

Claims 1-6 and 9-20 are pending in the above-identified patent application. Claims 1-6 and 11-20 have been allowed. It is proposed that Claims 9 and 10 be amended. Support for the proposed amendment can be found, for example, on Page 2, Line 15 of the instant specification. Applicants respectfully request entry of this Amendment because it does not raise a new issue and clearly places the instant application in condition for allowance.

Applicants believe that the above amendments to Claims 9 and 10 overcome the rejection of these claims under 35 U.S.C. 112, second paragraph. Applicants respectfully request withdrawal of these rejections and objections.

Applicants respectfully submit that this Amendment places the instant application in condition for allowance and requests issuance of a Notice of Allowability. Should there be any fee due in connection with this application, please charge the same to Deposit Account No. 15-0680 (ORSCHELN MANAGEMENT CO.). Should the Examiner deem that any further action on the part of Applicants would advance prosecution, the Examiner is invited to telephone Applicants' attorney.

Respectfully Submitted,
